

Century House Plaque Program

Thank you for your interest in the Tay Township **Century House Plaque Program**.

The Century House Plaque Program offers homeowners, whose houses in Tay Township, built 100 or more years ago, the opportunity to apply for a custom-made historical marker commemorating their property's long life.

Each century house plaque is made of 3/16 inch thick aluminum, painted in blue enamel with gold-coloured numbers and lettering, cut and grooved.

Each plaque measures 11.25 inches x 9.75 inches and has holes for screws on each side.

In addition to highlighting your property as centenarian, the plaque also doubles as a street address marker.

Please note, however, that receiving a century house plaque does not mean your house will be listed or designated on Tay Township's Register of Heritage Properties, unless it is already so listed.

A fee of **\$186.45** (HST included), payable to the **Township of Tay**, covers the research, fabrication, and shipment of the plaque to your home within six to eight weeks.

This historical marker will serve as official recognition of your home's contribution to the establishment of your community and to the built heritage of Tay Township.

*Tay Heritage is a committee of volunteers and Township staff organized under provisions of the Ontario Heritage Act to protect and promote Tay's built, archaeological, cultural, and natural heritage. Through our **Century House Plaque** and other programs, we encourage and facilitate community involvement in the commemoration of Tay's past.*

*Watch for further announcements in the coming months. If you have any questions, please contact the Planning and Development Department at **705-534-7248 x220** or **heritage@tay.ca**.*
